## Fox Hill Drive Resurfacing – Dequindre Road to Ryan Road

### Construction Update 9/6/2019

On August 20, 2019 the City Council awarded the contract for the resurfacing of Fox Hill Drive from Dequindre Road to Ryan Road. Construction is tentatively set to begin Monday, September 9, 2019, weather permitting. The project will entail milling off the existing asphalt overlay and provide a new asphalt driving surface. Private residential driveway approaches are not included in the scope of repair. Two-way traffic will be maintained throughout the asphalt milling and asphalt paving operations. Mail service and trash pick-up will be undisturbed.

The intent of this project is to address the deteriorated pavement with a new asphalt driving surface. It is not the intent to resolve standing water issues. It is anticipated that some standing water will remain upon completion of the project. We anticipate the work to be completed within 6 to 8 weeks.

### Pre Construction Picture
